15 speaking parts – possible extra non-speaking parts

SANTA'S WORKSHOP

A CHRISTMAS PLAY IN RHYME.

ELF 1

**Christmas Eve is a magical night
The sky above is a wondrous sight
And all the children in the world
Snugly in their beds are curled.**

ELF 2

**The dreams of all the girls and boys
Are filled with hopes of Christmas toys
And hidden away amongst the snow
Santa's sleigh is ready to go.**

ELF 3

**We, the helpers, must make sure
That Santa's sack is tied secure
And all the toys are packed with care
For Santa's sleigh ride through the air.**

ELF 4

**Before the toys go on the sleigh
They must be perfect in every way
So the most important chore
Is to inspect the toys once more.**

ELF 5

**It is the task of all the elves
To take the toys down from the shelves
And check that they are quite alright
Before they make their trip tonight.**

ALL THE ELVES

**So if you have no great objection
We will now make our inspection.**

ELF 1

**Look alive now, all you toys!
Present yourselves to the girls and boys!**

1st TOY

**I'm a doll with long blonde hair
And I say "Mama" if you press me there
You can call me Jane or Sue
Really any name will do
Just make sure you smooth my dress
Because I hate to look a mess.**

2nd ELF

Next!

2nd TOY

**I'm a cuddly teddy bear
Mess my fur and I won't care
Everyone loves dear old Ted
You'll always want me by your bed.
Whether you're a girl or boy
I'm everybody's favourite toy**

3rd ELF
